

The power to move your business

Focus on food

Food logistics is
our core business.

We offer reliable forwarding for dry, liquid and frozen goods to any destination worldwide.

We also provide dedicated solutions for complex markets, including Africa.

- Air, road & sea transport
- Temperature-controlled solutions
- Groupage from Antwerp & Brussels
- Partner network across Europe, Africa, USA and the Middle East
- Full door-to-door coordination

We handle the logistics,
so you can focus on
growing your business.

Customs & Compliance

We clear the way.

Food customs are complex. Rules change, and mistakes can be expensive. Our in-house experts handle it all — so you don't have to.

- Import & export clearance
- Fiscal representation (VAT & Tax)
- Transit & bonded storage
- Excise goods: alcohol, tobacco, sugar
- Perishables, BIO, food & feed

All our offices
are AEO-certified.

Smart logistics solutions,
backed by 125+ years of experience.

Warehousing

Built for food. Ready for scale.

Our bonded warehouses in Antwerp and Brussels meet the highest food safety standards. Ready to scale with your business.

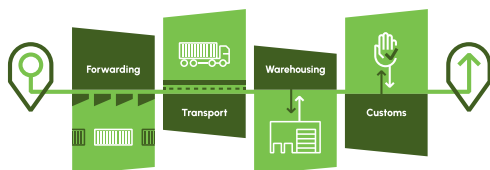

- ISO 9001, FAVV & BIO certified
- Ambient (16–25°C) and cold storage (2–8°C)
- Excise warehouses for alcohol, sugar, tobacco
- Online WMS with full traceability (barcode scanning, EDI, KPI)

From storage and pick & pack to distribution: one roof, one team.
