The power to move your business

Smart logistics solutions.
Backed by more than 125
years of experience.

Intelligent Cargo Care

At Herfurth Logistics, we believe
that logistics should be simple,
transparent, and reliable.

That's why we have created Intelligent Cargo Care, a complete
logistics concept that brings together our core services:

- Forwarding & Logistics
- Warehousing
- Customs clearance
- Project cargo

This concept goes beyond standard forwarding. It means that
we take care of every aspect of your cargo with knowledge,
precision, and a strong layer of value-added services.

Each service can stand alone or be combined into a tailor-
made solution. Start small or go all-in: thanks to our flexibility,
you can choose exactly what you need, when you need it.

Food Import & Export

Global reach, local expertise

We offer a wide range of forwarding services by air, road & sea for dry, liquid and frozen food.

- Daily shipments worldwide
 - specialized solutions to African countries
- Groupage services from our warehouses in Antwerp and Brussels
- Customized transport solutions for complex regions
- Reliable partner network across Europe, Africa, the USA, the Middle East and beyond.

We coordinate the entire journey in a safe and compliant manner, combine modes where needed and take care of all the details. So you can focus on your business.

Food Customs & Compliance

Inhouse expertise that clears the way

Customs procedures are complex and constantly changing. Our in-house experts ensure compliance with international regulations and help you avoid unnecessary delays.

Our services include:

- Import & export clearance
- Fiscal representation
- Transit & bonded storage
- Excise goods (alcohol, tobacco, sugar, ...)
- Clearance of perishable goods, BIO, food & feed

All our offices are AEO-certified to ensure safe and efficient clearance.

State-of-the-art Warehousing

Bonded warehouses Antwerp & Brussels

From consolidation of cargo to advanced pick & pack, our warehouses in Antwerp and Brussels are designed and equipped to store your food products.

- ISO 9000I; FAVV & BIO certified
- Temperature controlled between 16°C and 25°C and cold storage between 2°C and 8°C
- Excise warehouses for alcohol, sugar, tobacco, ...
- Managed via an online Warehouse Management System
- Full traceability via barcode scanning, EDI and KPI reports

Whether you need a safe and food compliant storage, fast distribution or value-added services, we're here to keep your supply chain running smoothly.

Benefits for you

Tailor-made and pro-active

From growing companies to big multinationals, we deliver what we promise.

Your benefits:

- Fast access to the European market
- Flexible solutions by road, sea and air
- Located in the heart of Europe
- Closeby Sea- and Airports
- Real-time track 'n traceability to stay fully in charge
- Hands-on and Customer First approach

Whatever the challenge veranderen in At Herfurth Logistics, you can count on a dynamic and reliable partner for the long term.
